

Quality Accredited Rail Industry Training

Course Information

Southern Cross Civil & Rail Training (SCCRT) is a Registered Training Organisation (RTO) that is nationally accredited by Australian Skills Quality Authority (ASQA) to provide vocational education and training to the rail industry.

Training outcomes are compliant with state and national rail safety legislation and meet The Australian Qualifications Framework (AQF) national policy for quality

Course competencies are delivered from current Transport and Logistics Industry Training Packages to our clients.

SCCRT is an approved *Sydney Trains* and *ARTC* Registered Training Organisation.

SCCRT facilitates and delivers the highest quality of training in a supportive, cost effective and professional learning environment to owners, maintainers, contractors and suppliers nationally

Courses are conducted at our premises in Chullora, NSW and in the Illawarra region of NSW or can be provided anywhere within NSW or nationally across Australia if required. Our goal is to provide services that meet each and every client's needs and satisfy requirements of rail industry regulators, standards and nationally endorsed training packages.
